BOULIA SHIRE COUNCIL

Report for Ordinary Meeting held on 17th August 2020

TITLE:	Request for Grid Removal	DOC REF: LATE REPORT Item DWO3
---------------	--------------------------	---

REPORT BY:	Mr Harin Karra Director of Works and Operations	DATE: 13/08/2020
-------------------	--	----------------------------

CORPORATE PLAN REFERENCE:

Key Priority 2: Building and maintaining quality infrastructure

2.1: Well connected

2.1.1 Develop, manage and maintain Council controlled roads and airport infrastructure to sustain and improve connectivity and safety

2.1.2 Deliver quality roadwork on non-Council roads within quality assurance guidelines

PURPOSE:

To inform Council of an application received to requesting permission to remove a grid.

CONTENT:

Council recently received an application from Radha Blacket of Alderley Pastoral Company (APC) seeking approval to remove the Boulia Township/Hartnell Downs grid located on the Diamantina Development Road 93E, chainage 4.99 (approximately 4 km out of the Boulia township heading towards Mt Isa). The proposal received is as follows:

Our proposal is to fence the Diamantina Development Road through Hartnell Downs which would allow for the removal of the town grid if Council is in agreement. If in agreement, I will forward your response on to Dept Main Roads.

The grid is an asset held by the Department of Transport and Main Roads (TMR), therefore the overarching decision as to whether or not the grid is able to be removed, who will bear the costs etc. will be made by TMR. Council's approval/objection on the request will be a supporting factor to APC's application to TMR.

An assessment of the request presents no reasons why the grid should not be removed, therefore it is recommended that Council advise Alderley Pastoral Company that Council has no objection to the grid's removal.

CONSULTATION: CEO

GOVERNANCE IMPLICATIONS: Nil

RECOMMENDATION:

That Council advise Alderley Pastoral Company that Council has no objection to the removal of the Boulia Township/Hartnell Downs grid located on the Diamantina Development Road 93E, chainage 4.99.

Reviewed and Approved by Chief Executive Officer

Ms Lynn Moore
